

## WOMEN'S 8 HOUR MEASURE KILLED FOR TWO YEARS

### Turn Attention to Nine Hour Day and 54 Hour Week

(By The Associated Press)  
SPRINGFIELD, Ill., June 5.—The woman's eight hour day bill is dead for at least two years more. Faculty admitting defeat the measure's proponents today turned their attention toward enacting a nine hour day and a 54 hour week, which proposition is believed to have a good chance for success.

Consideration of the bill was postponed at the afternoon session until tomorrow afternoon to allow amendments to be printed. A score of them went to the clerk's desk from all parts of the chamber when opponents of the original bill succeeded in deferring action.

As the measure stands tonight it is unchanged from the form in which it came to the senate after passage in the house, but it was admitted on all sides that it cannot muster the needed 26 votes for passage. It may be amended to make it a nine hour day bill if its friends can get support of senators who were opposed to an eight hour limitation.

Senator Barr, Republican, Joliet offered an amendment this afternoon to provide for a nine hour day and a 48 hour week, but it was substituted by an amendment by Senator Barbour, Republican, Evanston, for a nine hour day and 54 hour week. This latter proposal was pending when consideration was postponed.

Though some senators are opposed to any modification of the present ten hour day for women, others are ready to compromise on nine hours, and with their help senators favoring welfare legislation expect to pass the compromise. Senator Barbour was an opponent of the eight hour day proposal.

One hundred and twenty-five highway police are provided for by the bill of Senator Means, Republican, Ashkum, which passed the senate tonight, 31 to 1. Senator Boehm, Democrat, Chicago, dissented because the members of the force are not to be under civil service. The primary purpose of the police is to enforce the motor vehicle law but they are empowered to apprehend all criminals.

One bill from the senate public health committee which provided for a new medical practice act was passed, 39 to 0, but a companion bill lost 22 to 9, lacking four votes of passage.

The defeated bill provided for a board of five persons for non-medical practitioners.

Senator Dunlap, Republican, Savoy, who voted for both measures, gave notice that he would move to reconsider the votes.

The senate engaged in its first discussion of the liquor problem when it killed, 32 to 10, a bill by Senator Boehm providing that persons engaged in the sale of liquor under federal permit should not be required to obtain a permit from the state attorney general.

Senator Cuthbertson, Republican, Bunker Hill, remarked that the Democratic party cannot get along without the liquor issue and he said that though he might with the Anti-Saloon League, he never would have to "howl to the bootleggers and crooks."

Senator Seary, Republican, Springfield, denounced F. Scott McBride, state superintendent of the league, as partly responsible for non-enforcement of law, and declared that if McBride had devoted to the problem of law enforcement one-half of one per cent of the attention he has given other matters, the prohibition situation would be better than it is.

He voted against the bill.

The senate also passed the Denver Anti-Ticket scalping bill.

## PRESIDENT WILL MAKE 14 SPEECHES ON WAY TO COAST

Official Itinerary Made Public at White House Tuesday

(By The Associated Press)  
WASHINGTON, June 5.—President Harding will make 14 addresses enroute to the Pacific coast on his Alaskan trip and will speak in five coast cities after returned from Alaska according to an official announcement of the executive's itinerary made public today at the white house.

The address will largely be on the coast. The trip will include one at St. Louis, June 21, in the evening. Announcement also was made that on the trip to the coast the president would make brief visits to Zion and Yellow Stone National Parks and on the trip down the Pacific Coast would stop at Yosemite National Park.

Final details of the itinerary with respect to addresses were worked out today by the President in conference with Walter F. Brown, chairman of the commission on reorganization of government departments and an adviser of the executive.

The itinerary for the visit of the presidential party to Alaska has been only tentatively worked out as the trip will largely be dependent upon the president's desires on reaching the territory and also upon transportation facilities.

Details of the return by way of the Panama Canal and Pacific likewise in a tentative state although it has been announced that the president would sail from San Diego on the shipping board steamer President Harrison. Only a day or two will be spent in the canal zone and the presidential party will continue on to San Juan where after a short stay its members will embark upon another shipping board vessel, the American Legion for New York.

## WRECK OF TEMPLAR SPECIAL TO BE PROBED

(By The Associated Press)  
DURAND, Mich., June 5.—An investigation by the Michigan public utilities commission into the wreck of the Knight Templar Special on the Grand Trunk railway near here today in which four were killed and twenty others injured will be asked by county authorities, it was learned tonight. A spreading rail is believed to have caused the derailment of the special, bound from Grand Rapids to Flint and carrying 200 delegates to the state convention.

The dead are:  
Frank Pearson, engineer, 40; Durand, H. J. Veldon, 40; Joseph Parker, fireman, 35; Durand, and Jay Fanning, 45, news vendor, Grand Rapids.

Parker, a long time employ of the railroad was fireman for the day only, having been made a member of the crew so that the train would be entirely manned by members of the order.

Several of the injured were reported in serious condition at local and Flint hospitals tonight.

## ADVANCES GAS BILL TO THIRD READING

(By The Associated Press)  
MADISON, Wis., June 5.—Without a dissenting vote the senate this afternoon advanced to engrossment and third reading the highway committee bill providing for a two cent per gallon tax on gasoline. The \$3,000,000 which it is estimated will be raised by such a tax under terms of the bill would go into a fund for construction and maintenance of a 10,000 mile state trunk highway system.

## CHIEF EXECUTIVE TAKES PROMINENT PART IN FESTIVITIES

### Reviews Parade of 20,000 Nobles at Washington

(By The Associated Press)  
WASHINGTON, June 5.—President Harding had a prominent part today in the festivities incident to the opening here of the forty ninth annual convention of the Ancient Arabic Order, Nobles of the Mystic Shrine. He reviewed a parade of 20,000 Nobles the feature event of the day; delivered an address on fraternalism at the first session of the Imperial Council and attended tonight a banquet given for Imperial Potentate James A. McCandless, of Honolulu.

With Mrs. Harding and General Pershing, the executive, who is a Noble of Aladdin Temple of Columbus, Ohio, remained for three and a half hours in his box in the reviewing stand in front of the white house as Nobles of 118 temples passed thru "the garden of Allah" on their march over the "burning sands" of Pennsylvania avenue from the capitol to Washington Circle. Mr. Harding wore a white suit and a red fez.

Probably no more picturesque parade than that of the Shriners ever had passed over Washington's historic thoroughfare. From the conventional black and the cooler white, the Colors presented all the hues of a rainbow kept pace almost with the number of the colors.

Chariots, mounted patrols and gaily bedecked camels added touches to the whole picture. A hundred odd bands, drum corps and chanting clubs furnished a continuous flow of music—stirring marches, oriental airs and the latest jazz. Smartly drilled patrols executed intricate formations all along the line of march, especially in the Garden of Allah, where the spectators included besides the president Mrs. Harding, members of the cabinet, the imperial potentate and his divan ranking army and navy officers and foreign diplomats.

Immediately after the parade ended, the imperial council convened by Mr. McCandless, principal address. Declaring that some times "men band together for mischief to exert misguided zeal," the executive said he liked the "highly purposed fraternity" because it is our assurance against menacing organization, and conspiracy.

Daylight fireworks, an air "battle" between naval seaplanes and a "congress of the seas" in which appeared reproductions of vessels which have played a prominent part in the development of America were other principal events of the day.

## DEMONSTRATION IN RHENISH PRUSSIA

Strasbourg, June 5.—An anti-French demonstration of large proportions occurred in Saarbrücken, Rhinish Prussia, last Sunday during the laying of a cornerstone for a new church. The bishop of Trier and two German bishops officiated and later reviewed a procession of some 70,000 persons carrying banners and headed by bands of music.

Later the crowds gathered in all available halls of the town and adopted resolutions rejecting a proposal to establish a Saare diocese with a Saare bishop and insisting on remaining under German ecclesiastical jurisdiction.

## Millionaire Taxpayers Are Growing Thinner

(By The Associated Press)  
WASHINGTON, June 5.—The ranks of America's millionaire taxpayers continue to grow thinner, according to statistics of income for 1921, made public tonight by the internal revenue bureau which show that of the 6,662,176 firm and individual filing returns for 1921 only 21 had incomes exceeding one million dollars. This represents a decrease of 12 from the number receiving million dollar incomes in 1920 and compares with 65 in 1919, 67 in 1918, 141 in 1917 and with 206 in 1916, the highest since the income tax laws became operative.

There was a falling off also in the total number of returns filed for 1921, but the 1920 total was greater by nearly 1,330,000 than that for 1919.

Taxes aggregating \$719,387,106 were collected on the more than six and a half million returns, an average of \$107.98 per return. The income from which the taxes were drawn aggregated \$19,577,212,528, the average net income per return amounting to \$2,938.56.

On the basis of the 1920 census,

however, the income tax payments for 1921 would allow each person in the United States a net income of only \$187.65 and would result in the payment of only \$6.79 per person. Only 6.28 per cent of the population paid income taxes while for the previous year 6.85 per cent of the population received income sufficient to require the filing of returns.

New York bore the largest total income tax burden of any states its 1,006,637 taxpayers remitting \$210,768,379—29.3 per cent of the government income tax revenue. Pennsylvania with 621,103 returns was second, paying an aggregate of \$84,660,220 while Illinois was third, its returns totaling \$74,351 in taxes were collected. While the government collecting taxes from more than nineteen billion dollars in income it was granting exemption from taxes on incomes aggregating in excess of fourteen billions thru personal and other exemptions.

The statistics showed that 115,356 women filed returns as the heads of families, while 608,829 other women reported to the treasury for incomes received by them individually.

Decatur, Ill., June 5.—Lillian Angelino and Elsie Rayburn, both of St. Louis pleaded guilty in the circuit court here today to two indictments of grand larceny in the theft of goods from department stores. Their terms are to run from one to ten years.

## FEDERAL FORCES IN STATE OF NEW YORK DISCLOSE POLICY

Will Use Padlock Section of the Volstead Measure

(By The Associated Press)  
NEW YORK, June 5.—Federal prohibition forces today disclosed part of their future policy of controlling illicit liquor traffic without the aid of the Mullan-Gage state enforcement act when they closed by court order, a popular Broadway Cafe, the Knickerbocker Grill, for six months under the padlock section of the Volstead law.

At the same time police commissioners, sheriffs and state troopers in various sections were notified by Palmer Cantello, state prohibition director, that they still were responsible for the enforcement of the federal laws in regard to prohibition.

Announcement of a surprise raid by federal prohibition agents on the Hotel Ponchartraine last night was coupled today with the statement that the raid was only the forerunner of others.

Discussing the effect of the decision, United States Attorney Hayward said that the padlock provisions of the Volstead law appeared to be the most effective remedy the government has against public drinking places.

## RUSSIA'S REPLY TO CRUZON MESSAGE WAS FORWARDED

### Probably Will be De- livered by Leonid Krassin Thursday

(By The Associated Press)  
MOSCOW, June 5.—Russia's reply to Lord Curzon's latest memorandum on Anglo-Russian relations was forwarded to London today and will probably be delivered by Leonid Krassin on Thursday. The document is of considerable length and is understood to be a not unqualified acceptance of the British demands, tho it is generally conciliatory.

In the PRAVDA, M. Probrzhensky, a noted publicist declares that Curzon is "playing the policy of New York" in minimizing the importance of Russian trade to England.

"If New York economically is gradually becoming a province of America, then why," he asks, "should not European diplomacy little by little become the mouthpiece of the American people."

Moscow newspapers print at length alleged evidence of brush interference in Soviet Asia and make reference to a document containing an agreement of last September whereby the British promised to finance and arm anti-soviet forces at Bokhara, Turkistan.

## WOMEN THE ONE UNITED FORCE IN THE WORLD

Only Movement Not Mobilizing Armies, Mrs. Catt Says

(By The Associated Press)  
NEW YORK, June 5.—The women's movement is the one movement in the world not calling names or mobilizing armies, Mrs. Carrie Chapman Catt, suffrage leader, recently returned from a six months trip abroad, declared today before the League of Women Voters.

"I came back with the conviction that woman suffrage is as firmly planted in Europe as in the United States," she said. "There is nothing wrong with the woman suffrage movement of the world over. It is the one united movement in the world."

Mrs. Catt said she had gone to Central Europe to help women organize to retain the political and personal freedom they had gained after the war but that she had found the women there protecting their new-found freedom.

In Rome she said she received certain information that the Roman Catholic Church would not oppose the enfranchisement of women. By next year, she declared, she hoped the Mohammedan churches will have capitulated.

## CROWD GALLERIES AT ROAD HEARING

A large delegation of local citizens attended the hearing on the hard road bond issue bill before the General Assembly in Springfield yesterday afternoon. A great crowd thronged the galleries of Representative Hall in the capital building. Several members of the assembly spoke in opposition to the bill, but they were shouted down by the boosters in the galleries. Speaker Shanahan was in the chair during the hearing.

Those who attended the session from this city were: J. E. Osborne, G. A. Dunlap, F. L. Mawson, L. V. Baldwin, G. M. Riggs, F. E. Vannamaker, C. M. Strawn, W. E. Sullivan, J. G. Berger, H. C. Welch, and Clarence and Ohio York.

## RESPONSIBILITY DISCLAIMED BY FAIR OFFICIALS

### Tell Committee They Knew Nothing About Klan Affair

(By The Associated Press)  
SPRINGFIELD, Ill., June 5.—B. M. Davidson, state director of agriculture, W. W. Lindley, general manager of the state fair grounds and Charles Muttera, grounds custodian today disclaimed responsibility for the staging of a Ku Klux Klan initiation ceremony on the state property the night of May 24.

Testifying before a house investigating committee headed by Representative W. L. Pierce, Republican, Holdrege Davidson and Lindley said their first knowledge of the rites was given them by Edmund Burke former state's attorney of Sangamon county, in letters they received two days after the occasion. They said they did not know who gave authority for such use of the fair grounds or if any had been given.

Davidson he was not fit to be director of agriculture and Mr. Davidson retorted that the chairman did not dare to make that remark "at the hotel."

Mr. Pierce then said that the cat was out of the bag as to who was responsible for his arrest at a local hotel last week on a charge of disturbing the peace.

The proceedings both afternoon and night were punctuated with numerous outbursts of cheering and applause and Chairman McCarthy had difficulty in maintaining order.

## PROFESSOR STARR GIVEN DINNER

## GOVERNOR SMALL'S ROAD BOND BILL IS VOTED OUT TUESDAY

### Action Came After Long Session of Committee

(By The Associated Press)  
SPRINGFIELD, Ill., June 5.—Governor Small's \$100,000,000 road bond bill was voted out of the house roads and bridges committee tonight with recommendation that it pass. The vote was 10 to 1 with Representative Tice, Republican, if they did their duty and abided by the will of the people the bill would pass.

This action came after long afternoon and evening hearings, at which the bill was attacked and defended. New amendments adding mileage to the routes already proposed were tabled tonight by practically unanimous vote with two which cut off a few miles being adopted.

Among proponents of the bill who spoke at the hearings were C. S. Miller, an attorney of Cairo; James Jones, of Johnson county; W. L. Wasson of Lincoln and Frank T. Sheets, superintendent of highways. Mr. Miller said sentiment in Southern Illinois is unanimous for the bill and Mr. Sheets told the representatives present that if they did their duty and abided by the will of the people the bill would pass.

Hugo Meyer, manager of the Illinois Automobile Club, W. G. Edens, president of the Illinois Highway Improvement association; George W. Tilson of the Western Society of Engineers and others spoke in opposition to the road bond proposition.

Mr. Edens urged a "pay-as-we-go" system and said it could be financed from normal receipts from automobile license fees. He was heckled frequently by house members and others present; at one time a clash between him and Representative Roe, Democrat, seemed imminent.

The proceedings both afternoon and night were punctuated with numerous outbursts of cheering and applause and Chairman McCarthy had difficulty in maintaining order.

## HAVING HARD TIME GETTING MARRIED

(By The Associated Press)  
NEW YORK, June 5.—The Earl of Northesk and Jessica Brown, former chorus girl, yesterday were denied a marriage license here, spent today rushing from the office of one legal authority to another trying to discover where was the best place to get married. They reached no decision. The Earl, who seemed quite cheerful, announced they would get married, "somewhere, somehow."

Jessica, who was reported to be annoyed over the delay, denied herself to reporters. Friends indicated they might seek a license in New Jersey or Connecticut.

The license was denied on the ground that Jessica's divorce from her first husband in Chicago was not recognized in this state.

**MILLIONS FOR EDUCATION**  
This is the time of year when the thoughts of Jacksonville people turn especially toward educational institutions. It is an often mentioned fact that "educating" is one of the first lines of business of this city. The schools and colleges here not only create an atmosphere of refinement but are business assets as well.  
That education has its very important place in the whole state of Illinois is also apparent when it is understood that just about 50 per cent of the millions appropriated by the Illinois general assembly are for educational purposes, for the universities and the normal schools and some

other educational projects in which the state is interested.  
Senator MacMurray while here Monday made comment upon the fact that a number of high schools in the state now provide a two years course of college work in addition to the high school work. The question therefore is receiving increasing attention as to just how far educational opportunities shall be given to young people at public expense. The amount of funds from taxation now used for education in Illinois measured in terms of interest on endowment would require an almost unbelievable sum. The advantages that institutions supported by taxation have over those which must be sustained by taxation and endowment are very apparent.  
**SALVAGING OUR CIVILIZATION**  
If the address of Glen Frank, the Century magazine editor, did nothing more for his audience here yesterday, it at least set some of them thinking. Considering that we are facing such perils in our whole category of western life, that is a very healthy and profitable exercise for the mind.  
If there is one thing that will send civilization on the rocks, more than any other, it is the thoughtlessness and indifference of the present generation. Anyone who heard Mr. Frank's address and did not go from the room fired with a desire to meet the conditions he laid down for the savior of civilization, certainly heard in vain.  
Certainly we cannot all become the spiritual leaders that the peril of the hour demands; but when the leader arises, we can at least co-operate with an understanding mind and a sympathetic heart. The speaker outlined a herculean task for the leader, whoever he may be, and he will need all the help he can get. Mr. Frank is not an alarmist. He did not sound a note of panic. He did not frighten his hearers with descriptions of perils that lie in wait for our western culture. But he did present a thoughtful analysis of the conditions. To meet them requires a cool mind, steady courage and clear vision.  
The purely emotional type of man won't fit in this crisis, though he must have enough heart for his task to make him die for it, if need be. A spiritual leader such as Mr. Frank demands would meet the opposition of materialists, church fanatics, medieval-minded religionists, and worldly pleasure seekers and gold grabbers. Taking all these into account, he would have a considerable mass of the world's population lined up against him. However, a man who stood out so prominently that he could rouse the ire of these unlike groups, would be fully capable of mastering the situation.

STARRING WILLIAM DESMOND  
Larry Barclay is told by his dying father that his sole inheritance is an insolvent tire factory, bankrupted by his father's enemies, the Consolidated Rubber Interests. Accustomed to luxury and pleasure, Larry hesitates to assume the great task of trying to save the wreck of the company against such enormous odds. He is brought to realize his manly duty by Mary Rogers, secretary of the company. She arouses his ambition and quotes his father's favorite maxim, "It can be done!" So Larry undertakes the battle. He is weak at first, however, and almost yields to his enemies several times. Mary prevents him, stimulating him. He has one other faithful friend—"Speck" O'Dawn, the office boy. Owens, the manager of the Barclay plant, is secretly in the pay of the Consolidated. Attacked by hidden foes on all sides, Larry, not knowing the first rudiments of the game, or equipped with any "business sense," begins the great battle of American business. How he opposes treachery and greed proves the truth of his father's "It can be done"—and gains a noble girl's love is thrillingly and entertainingly told in twelve great episodes.  
Admission, all seats, 10c—No Tax

**FIFTY CHILDREN IN VACATION BOOK CLUB**  
Fact is Brought Out in Report of Literacy at Meeting of Board Will Purchase New Copies of Standard Titles.  
The regular meeting of the library board was held yesterday afternoon at the public library. The main feature was the monthly report by the librarian, Miss Alice Williams. The board accepted the resignation of Miss Josephine Cooper, the former reference librarian, who has gone to take a position in Rockford.  
It was brought out in the librarian's report that the vacation activities of the library are beginning. A number of pamphlets on possible trips have been displayed. Fifty children have already joined the vacation reading club and are becoming interested in stories read at the library. It was suggested that a number of the standard titles in the book shelves be purchased new, as the old ones have been worn out by constant use during the school year.  
The report showed the total circulation of the month of May at 7,234. Fiction was in the lead as usual with 3,696. Volumes of literature in circulation numbered 568, and 617 magazines were taken out and read by library subscribers. The number of new cards issued to adults was 33 and to children 19. The total number of books and magazines used in the library for reference was 14,460, and the total number of visitors in the library during the month was 14,275. Numbers of these of course visited the library day after day, and the number given therefore does not mean that many individuals.  
Twenty-five new books were added to the library during May, bringing the total number of volumes in the library up to 34,056.

Country people know parts of counties by townships and sections and acres. The sections being spoken of as divided into halves, quarters and eighths.  
Andrews, Lyter and Co., of Davenport, Iowa, published a large platbook and history, with many illustrations of Morgan county in 1872. Under each township plan they printed brief accounts of its settlement. Quotations from these will be given in this article.  
The numbering of the township runs from the southeast corner of the county, north and west.  
The divisions were made by numbers and lines by the U. S. government. The townships of precincts were named by the county authorities, a few are fractional townships.

This township about three-fifths prairie. Among the early settlers were J. B. Surgis, Sol. Hart, Thomas Antrobus, D. N. and Anderson Hart and Wil-

**WINCHESTER TO HEAR MESSAGE OF JUBILEE**

Legion to Make Trip to Scott County This Afternoon—Many Matters Considered at Meeting Last Night—Thank Service Star Legion.  
At a meeting of the American Legion Tuesday night a trip to Winchester was arranged for this afternoon to advertise the coming United Spanish War Veterans' encampment and the large jubilee parade on the 15th, which will be attended by the larger part of the Legion boys from all over the state. This being the windup day for the Gift Campaign in Winchester a large crowd will be reached by today's advertising. They will be accompanied by the band and their usual entertainers and will meet in front of the American Legion hall at one o'clock this afternoon at which time all members who can are requested to appear and bring cars so that they will make a strong showing.  
The Legion also passed resolutions of thanks to the Service Star Legion for the splendid work done by them in making Poppy Day a perfect success as it was thru their efforts alone that the whole affair turned out so well.  
The Post is making an appeal to every World War service man in this community to turn out in uniform on the 15th as there is urgent need for every man to act as reception and information committees. Each man will be furnished a badge and it is further urged that all men register at the Service Star Legion booth and get tagged for the day.  
The Legion is contemplating a trip to Virginia on Thursday night with their regular booster outfit. Commander Kahl of the local post yesterday mailed a second letter of invitation to all of the camps in the state urging their attendance at the dedication of the new buildings for the unfortunate Buddies. He is daily receiving favorable replies from every part of the state, some advising that they are bringing a band and others merely writing, "Al, we're coming."  
Large panoramic views of the new buildings will constitute the prizes in the attendance contest for outside posts. All members are requested to register at the Service Star Legion booth by 12 o'clock noon, and the post having the largest attendance will be granted one prize and the post which has the largest percentage of its actual membership present will receive the other prize.  
An attempt is being made to obtain greatly reduced railroad rates to Jacksonville during those days and the chances are that the attempt will be successful. The local boys are all pulling strong and the outside posts are fast falling in line.

Mrs. Henry Schnitzer was a caller from Concord yesterday.

**EXHIBIT ARTISTIC POSTERS AT LIBRARY**

Book Advertisements Made by Children of Junior and Senior High Schools From Interesting Collection—Fiction Proves Popular for Illustration.  
About seventy attractive posters are on exhibit at the public library. They were made by students of the junior and senior high school, and are meant to advertise certain books and magazines in such a way that people will be led to read them. The posters are in colors and most of them describe in picture or phrase and many times both, the subject which the artist had for his efforts.  
The students were allowed to choose the book or magazine which they would advertise by poster. Fiction is in the majority and Zane Grey seems to be the author who furnishes most of the themes. Tales of adventure are used as subjects and many familiar books some new, ones are found illustrated.  
The exhibit will be open to the public for several days. It is located in the two main reading rooms of the library and people are cordially invited to come and see what the students in the junior and senior high schools have been doing in the line of artistic endeavor.  
Here is a partial list of the subjects used for poster display: "The Golden Parrot," (Fenger), "The Valley of Silent Men," "Desert Gold," (Gray), "Radio News Magazine," House Beautiful, "Men of Iron," (Pyle), "When Knighthood was in Flower," "Treasure Island," "The Mysterious Rider," (Grey), "The Grizzly," (Mills), "Tom Sawyer," "Huckleberry Finn," "Ivanhoe," "Rilla of Ingleside," "The Enchanted Mountain," "Laddie," (Barrie), "Black Beauty," "Midnight of the Range," "Lords of the Wild," "The Land of Little Rain," "The Lone Star Ranger," (Gray), "The Sand Hill Stage."

**EDITOR'S ADDRESS  
MAKES PEOPLE THINK**

Glen Frank Discusses Salvaging of Civilization at I. W. C. Convention—Large Class Is Graduated at Impressive Exercises in Music Hall

"The salvaging of our western civilization will depend upon great spiritual leadership; it will require a man who has in his makeup the characteristics of a Francis Bacon and a Billy Sunday."

These were the words of Glen Frank, who spoke yesterday morning before the graduating class of Illinois Woman's college. Mr. Frank, who is editor of the Century Magazine, and who has a national reputation as a writer and lecturer, gave one of the most profound and thought-inspiring addresses ever heard in this city. Possessed, as he is, of a wide acquaintance with modern scholars, and knowing the trend of the world's thought, he proved himself fully equal to the great question of the decline and possible salvaging of western civilization.

The speaker's analysis of the situation which the nations are now facing was somewhat as follows: "Even before the world war, western civilization was beginning to feel the chill winds of materialism blowing across it everywhere. The creeping paralysis of a new paganism was stifling the older and more spiritual conceptions which had for so many centuries ruled in human thought."

"The historian five hundred years from now will blame Germany for causing the war, but he will say that she caused the war for a much different reason than is now supposed. The new paganism which was spreading everywhere in the west appeared in Germany unmasked. Germany threw aside the cloak and lived openly the principles which the rest of the world renounced, but practiced. The war was in part an expression of the opposition of what was left of the old spiritual conceptions to paganism, and in part an outburst of the hypocrisy which wished to preserve the old, though inwardly espousing the new."

A Spiritual Crusade "During the few brief months of the war there was indeed a great spiritual crusade, and writers everywhere were prophesying that a new spiritual awakening was coming out of the war. However, as soon as the war was over, the world sank into a moral slump, the utmost depth of which has, I think, not yet been plumbed. We shall not recover from this slump until the United States changes her foreign policy and abandons that spirit of aloofness and hermit attitude which she has assumed in the present administration."

"The attitude of writers has

now changed, they no longer predict a spiritual revival on account of the war, but they are prophesying the doom of civilization. There are three classes of people in relation to this question: those who can see nothing but gloom and destruction ahead, those who are confirmed optimists and steadfastly refuse to see any perils in wait for civilization, and those who occupy a middle course, who recognize the facts as they are, but do not entirely despair."

Literature of Despair "One of the last class of writers say that although civilization may recede into another dark age, yet in the medieval soil the seeds of this rich culture will be nourished and it will blossom again into a more fruitful civilization. There is now a general literature of despair being composed on this subject. It comes from England, France, Italy, America and everywhere, and its writers are persistent in lamenting the coming downfall of civilization. However, there is something behind this literature, and that something is fear. Whatever book you may read, you will find one of five fears fleeing over the shoulder of the author and coloring with its menace all his words."

"There is, first, the biological fear, the fear that the white race is declining, that it is reproducing from its poorer and more degenerate stock, rather than from its best stock. There is, second, the psychological fear, the conviction that the crowd will rule and that the individual will be pushed out of his place, that the mob will overpower the initiative of the man and kill the value and motive of individual effort."

"The third fear is administrative. There is a belief that the world has grown so complex and its life so varied, that the governing of the nations is too big a job for the human being to handle. It is thought that the machinery has become overclogged and unmanageable."

Fourth is the economic or industrial fear. Built as our life is on machinery, standardized manufacture, mass labor and quantity production, it carries in itself the seeds of its own decay. Fifth is the moral fear, and from the writers dominated by this fear there arises the continual lament concerning the looseness of the present generation of young people. It is thought that young people today are lacking in wholesomeness and moral health."

The Hopeful View

"I do not say that anyone of these fears is unfounded. There is ample ground for everyone of them. And yet, in spite of these five fears as a menace, civilization can be salvaged. That fact, however, can only be realized in a real spiritual renaissance. I believe that alongside of the literature of despair, there is a literature of hope, though it is not yet in tangible form. In the great mass of scientific, educational, eco-

nomic, philosophical and business literature, there are certain ideas that, if we only had the intelligence and common sense to apply them, would salvage civilization. The need is for a man who can find these ideas and get them across to the people. Theodore Roosevelt was such a man. He could invite a biologist to Oyster Bay for a week end and in the course of his visit extract from him two or three ideas which were the fruit of sixty years' experience in the laboratory. Then Roosevelt could take those ideas and discuss them before an audience of unlettered citizens in the most convincing and authoritative way possible."

"The church is not to furnish the dominate leadership in the spiritual renaissance, unless it throws aside the outworn, much distorted, theological and technical Christianity and substitutes the religion of Jesus. There is need of a continuous and intimate application of the teachings of Jesus to every phase of modern society, and until the ministers and laymen realize this fact, the church cannot lead in the spiritual revival. We must take the best from science, philosophy, economics and biology and put it together to build up from this raw material the new structure of civilization. In the days of this new revival, there will be no such thing as a combat between science and religion, for they will be intimately married. One of the purposes of such a renaissance will be to break down the unnecessary and artificial wall which blind leadership has reared between things secular and things sacred. Science is needed in the spiritual awakening, which can come only with the use of these new ideas; and about it must be wrapped the idealism which religion alone can give."

## EDWARD ALEXANDER WEDS MISS DOROTHY STRIBLING

Announcement has been made in Ashland by Mr. and Mrs. Loyd Stribling of the marriage of their daughter, Miss Dorothy Stribling, to Edward Alexander of this city. The marriage took place December 5, 1922, but the announcement was withheld until the present time.

Mr. Alexander, who is a son of the late W. L. Alexander, has for a number of months been engaged in business in Bartlesville, Okla. The families are both prominent in Cass and Morgan counties.

## WILL ATTEND RED CROSS MEETING

H. J. Rodgers and J. J. Kelly will be the representatives of the Morgan County Chapter of the Red Cross at the State Convention which will be held at the Central Division headquarters at Chicago on next Friday.  
E. E. Crabtree who is a member of the state organization committee will also attend.

## WHO REMEMBERS IT

A well known citizen of this city says many years ago there was a five dollar excursion to California and his uncle and some others went on it. Returning they were laid out by a freight wreck near Tucson, Arizona one Sunday morning. Being thirsty they went to a saloon and the gentlemen's uncle ordered five glasses of beer for the company and laid down a five dollar bill. The saloon keeper swept the cash into the drawer and said nothing about change. The purchaser turned to his companions asking them what should be done and they told him to ask the man

for his change which he did whereupon the vendor of drinks answered in a lordly manner. "We don't give change back Sunday's." As the days were rather primitive the visitors concluded discretion was the better part of valor and didn't insist on their rights.

**CHINESE RUG INDUSTRY SUFFERS HEAVY LOSSES**

Tientsin, (AP)—The unprecedented boom in the rug-making industry in China, which followed interruption of the Turkish and Persian trade during the war, has suffered a severe check. Out of 500 factories which were built in Tientsin during the first years of the war, developing a daily output of more than 10,000 square inches, fewer than 300 have survived a renewal of competition. During the heyday of the industry prices soared from \$1.60 and \$1.80 per square foot to \$3.00 and \$4.00. About one-fourth of the output was consumed domestically and of the rest America took the bulk.

The slump is attributed largely to inferiority of the product under the enormously increased demand, due to inferior wool, unskillful dying and inexperienced workmanship.

**WILLIAM HEMBROUGH SUFFERS INJURY**  
While working on a new barn at the Morgan county fair grounds Tuesday morning William Hembrough received a very painful cut in the hand caused by the sharp axe which he was using in cutting a board. The axe slipped and severed the main artery between the thumb and the index finger. He was taken in an auto to the office of Dr. W. P. Duncan where the flow of blood was stopped and the hand properly dressed.

World's most famous rug is the Adbadi rug in the South Kensington museum, England, and valued at \$250,000.

### Observe 80th Birthday

A happy family gathering honoring the 80th birthday anniversary of Mrs. Mary Reese was held recently at the home of Mr. and Mrs. Henry Reese of Asbury neighborhood. At noon a sumptuous dinner was served cafeteria on the lawn one of the main features being two birthday cakes, one of which held 80 tiny pink candles.

Numerous were the congratulations and presents received by Mrs. Reese from relatives and friends many of whom were not in attendance. The children

present were: Mr. and Mrs. Henry Reese; Mrs. Fannie Combs, Manchester; Mrs. Lizzie Ragan, Jacksonville; Mr. and Mrs. John Hodges, Meredosia; Grandchildren, Mr. and Mrs. James Meiler, Manchester; Mr. and Mrs. Earl Bourn, Jacksonville; Mr. and Mrs. George Newman Jr., and Lloyd Reese. Great grandchildren, Miss Lucille Meiler, Samuel and Elizabeth Bourn, Harold and Gerald Newman.

### Garden Party at Woman's College

A garden party was given Tuesday afternoon at Illinois Woman's college for visiting members of the Alumnae association and the seniors. There were 200 or more guests at this charming after-

noon affair, the general arrangements for which were in charge of Mrs. Alice W. Applebee. There was an interesting program of stunts during the afternoon, members of the various classes uniting in this feature.

### Entertain for Arnold Lovejoy.

Mr. and Mrs. C. R. Short and family of 305 North Prairie street entertained Arnold L. Lovejoy at a family dinner Monday evening only the immediate family being present.

Mr. Lovejoy has been an intimate friend of the Short family of musicians for a long time having furnished them musical instruction in the past.

### Two Societies Met.

The Missionary society of the Congregational church met yesterday afternoon at the church with Mrs. D. P. Hueston as hostess. Miss Georgia Fairbank, who was a delegate from the society to the state meeting of the Woman's Home Missionary society, reported on the convention. Mrs. Hueston presented a paper on a church school in Cleveland.

Mrs. W. H. Marbach was hostess yesterday afternoon to the

State street Woman's Missionary society. Devotions were led by Mrs. Mary Turner Carriol. The president, Miss Nellie Cunningham, was in charge during the business session. Mrs. Marbach told the society something of the Philippines, and each member present responded to the roll call with an item about the West Indies.

### Brooklyn Society Will Meet Today

The Woman's Missionary society of Brooklyn M. E. Church will meet this afternoon at the home of Miss Margaret Jefferson, 1156 South Main street. A paper will be read by Mrs. Everett Whitlock on "Sunday Visitation," and Mrs. G. W. Randle will read the fifth chapter of the study book, "Building with India." The program of the afternoon will also include a missionary playlet, "Christ or Mohammed?" and this will be followed by a social hour.

### THE HOTEL NAME

"The Lockwood" is the latest suggestion as the name of Jacksonville's new hotel and it is undoubtedly a name intimately connected with the history of Jacksonville, as Mrs. Ida Taylor McKinney, now resident in California mentions. Mrs. McKinney's thought about Judge Samuel D. Lockwood is contained in a recent letter to her brother, Capt. F. C. Taylor, who calls to mind some facts about Judge Lockwood, who was elected a member of the legislature in June 1821.

Later he was attorney general of the state and resigned in order to accept the appointment as secretary of state by Governor Coles. The following year he resigned the office of secretary of state to become receiver of moneys at the land office in Edwardsville.

Then in 1835 Judge Lockwood was elected by the legislature an associate justice of the supreme court and held this office until the election of Judges under the constitution in 1847.

He was one of the trustees of the Illinois Central railroad and in various ways prominent in Jacksonville. In the later years of his life he was not resident here.

### WHITE HALL NEWS

White Hall, June 5.—Benevolent Lodge I. O. O. F., elected the following officers Monday evening: Noble grand, C. A. Dawson; Vice grand, Earnest Camm; Janitor, Herbert Dugger. The appointments will be made at the first meeting in July, when installation ceremonies will be carried out.

A southern beauty is a guest in White Hall, she being a sister of Mrs. William B. Rich of South Carr street. The visitor is Miss Teresa Harris of Nashville, Tenn., and she won a prize of \$1,000 in a beauty contest conducted by a southern paper.

The dedication of the new First Baptist church is definitely set for Sunday July 1st. The structure will be occupied on the Sunday previous for the initial services, and the home-coming will be in progress from the 24th of June to the 1st of July with the formal dedication on the latter date.

## MORE DORT FACTS

### Let Me Give You a Demonstration

The speed record for a stock car with a motor of less than two hundred cubic inch displacement is now held by the Dort Six. This record was made at Fresno, California, last week, the Dort traveling ten miles in nine minutes and twenty-six seconds flat.

The car, piloted by Ernest Johnson, was under official observation and was timed by representatives of the press. It was standard in every respect with standard factory motor, standard factory gear ratio and complete touring equipment, including a spare tire.

The test, which was conducted by the Logan Auto Company, Dort distributors, took place on the Fresno speedway and attracted wide attention up and down the west coast. This run is but one of the many records established by the Dort Six. In hill climbing, economy tests, an endurance tests as well as in speed the Dort Six has proved to be a remarkable car.

## LEGISLATORS MAY ATTEND DEDICATION

Effort Being Made to Have Both Senate and House and Elective Officers Attend Dedication—Matter Comes up Today.

Thru the efforts of Col. O. C. Smith and C. N. Kahl, members of the senate and house and all of the elective officers of the state may journey to Jacksonville in a special train Friday, June 15 for the dedication of the soldiers' cottages at State hospital.

These men went to Springfield Tuesday and placed the matter before Lieutenant Governor Sterling, the speaker pro tempore of the senate and Speaker Shanahan of the house, Senator Searcy, and Representatives Rogers, Moore and Barber of this district.

The proposition met with favorable consideration, the only thing standing in the way of the proposition is the press of work in the legislature as the session is nearing a close. Personally all of the members favor making the trip if possible.

This afternoon the matter will be presented officially before both bodies. Senator Searcy will present it in the senate and Representatives Rogers, Moore and Barber will present it to the house.

If it is decided to make the trip the entire membership and state officers will leave Springfield on a special train about 11 o'clock which will arrive here in ample time for the parade and dedication ceremonies. The train would leave here for Springfield immediately after the ceremonies and arrive in Springfield in time to hold a brief session in the afternoon.

If this proposition goes thru it will add more to the already large throng that will be in Jacksonville for the dedication. At present it looks as though the occasion is going to be one of the greatest things Jacksonville ever had.

## HOTEL STOCKHOLDERS WILL MEET SOON

Executive Committee Fixes on June 26th as Date for Meeting—Will Select Directors and Transact Other Business.

The meeting of the stockholders of the Jacksonville Hotel Corporation will be held Tuesday evening, June 26, at 7:30 o'clock in the auditorium of the high school building. This was the decision at a meeting of the hotel executive committee held last night at the chamber of commerce rooms. The only change from this date will be in event that it is not possible to secure the auditorium for that night.

At the meeting of the committee, over which Henry Frisch presided as chairman, various matters relating to the project were discussed. J. A. Bellatti was in conference with the committee and presented various forms which will be submitted to the stockholders.

The call issued by the executive committee will indicate that the purpose of the stockholders' meeting is to elect directors, to adopt by-laws and transact any other proper and necessary business.

Accompanying the notice to be sent to each stockholder will be a list of all stockholders, so that selections may be made for directors. A ballot will be enclosed with the notice and the stockholder may fill out the ballot before attending the meeting if so desired. In accordance with the custom a printed proxy will also be sent to each shareholder so that if it is impossible to attend the meeting authority to vote may be transferred to some other shareholder.

Each shareholder can cast as many votes for each of nine directors as he owns shares in the corporation. The meeting date was set three weeks hence in order to provide ample time for the preparation of the notices to shareholders. After the directors have been elected they will have authority to transact business for the corporation and it is presumed that they will speedily organize and push the enterprise along as rapidly as business discretion may suggest.

## TO ATTEND SUMMER COACHING SCHOOL

John L. Mitchell director of athletics at the Jacksonville High school, will take a six weeks course at the summer coaching school at the University of Illinois during vacation.

The University of Illinois school was one of the pioneers, if not the pioneer in this field, and has gained a great reputation throughout the entire country.

Of its head is the redoubtable Robert Zuppke, the builder of championship football teams. In addition to Zuppke, stars represent every other branch of sports included in the summer school.

This year in addition to Zuppke, Doble, coach at Cornell, is coming west to spend the summer at the Illinois school. Doble made a great reputation on the Pacific coast and then came east. His success has been almost as great in the east as it was in the far west as he is considered one of the foremost football coaches in the country. It is quite likely that Coach Mitchell will have some new ideas to impart to his charges when school opens in September.

Mrs. Charles Curtis was a Jacksonville shopper Tuesday from Sinclair.

## CHILDREN'S RECITAL AT CONSERVATORY

Pupils of Miss Inez Pires Heard in Pleading Program at Recital Hall Last Night.

An interesting recital was given last evening in the Recital Hall of the Conservatory. Miss Inez Pires, instructor in Piano, gave a demonstration of the Dunning System of Piano Study, presenting a number of pupils of her first and second year classes. Those taking part were all very young, and none had studied more than two years, as Miss Pires explained in her introductory talk, so that their performance was nothing less than astonishing. The eagerness with which each accomplished his task showed plainly the interest the children take in the work—an interest that is usually painfully lacking in the early study of the piano or other musical instrument. Particularly entertaining and informing to the audience were the Ear Training, the Transposition into various keys, the Triads and Chords of the Seventh, the Rhythm Exercise and the Rhythm Pictures, all demonstrated with accuracy and intelligence. Solos, Trios, quartets and duets were played on the piano, and the children also sang accurately and musically in the Rhythm Pictures. Miss Pires added greatly to the interest of the program by her short explanatory talks between the numbers. It is evident that she is particularly well fitted for the work of training children.

The following students took part in the program: Lucille O'Donnell, Anna Louise Stevenson, Betty Jane Vasconcellos, Gretchen Beadle, Anna Mae Duffner, Dorothy DeFries, Dorothy Correa, Helen Tendick, Henson Pontius, Ester Chipchase, Agnes Brennan. Three received gold pins for excellence in work during the year: Dorothy Correa, Lucille O'Donnell and Helen Tendick.

## I. W. C. ALUMNAE HAD ANNUAL BANQUET

Officers Elected at Annual Meeting of Illinois Woman's College Alumnae Association, Held Last Night.

The Alumnae association of Illinois Woman's college held the annual banquet and business session Tuesday evening at the college. Two hundred or more persons were present, including quite a number of the non-resident members of the association who are here for the commencement events at the college. Following the serving of an elaborate banquet came the business session presided over by Miss Vera Wardner, the president of the association. Reports were heard from a number of the branch organizations including Kansas City, Chicago, Peoria and Los Angeles, Calif.

Miss Neville presented the 1923 seniors and Miss Janette Powell received them on behalf of the association. Miss Eleanor Calhoun responded for the senior class.

The election of officers was held with the following result: President—Miss Vera Wardner Vice President—Miss Hildreth Ashwood Recording Secretary—Annette Rearick Lohman Corresponding Secretary—Lula Hurt Treasurer—Louise Moore Gilbert.

Two Alumnae associations trustees were also named, Mrs. Lillian King and Miss Nelle Taylor.

The candle lighting ceremony was conducted in an impressive way by Dr. J. R. Harker, this feature being the finale of the Alumnae program and of the commencement program as well.

## FACULTY MEMBERS PLAY FOR MEDALS

Medals don't go begging at Illinois college. There were some left over from the tennis tournament of the intercollegiate meet, and the faculty immediately formed a winning combination and copped the trophies. The medals were offered in the faculty doubles, and as there was no competition from other schools in the conference, the college faculty members who play tennis held a match of their own and competed for the prizes. Dr. Rammelkamp and Prof. Swift played against Prof. Ames and Prof. Leavenworth and beat them, 7-5, 6-3, 6-4. It was a stiff match, and the winners consider that they have earned the medals.

CLYDE COWENS, the son of Mrs. Roland Timberlake was born in Chicago March 3, 1918. At the time of his death he was five years and three months old.

He was preceded in death by his father and three cousins. He is survived by his mother, stepfather, stepbrother, two grandfathers, two grandmothers, one great-grandfather, one great-grandmother, four aunts, one uncle, and a host of friends to mourn his death. He had been in failing health for one year and departed this life at Our Saviour's hospital Sunday evening, June 3, 1923, at 7:27 o'clock.

## SPANISH WAR VETS PLAN FOR MEMBERS

Several Secured at Pittsfield Sunday—Plans for Anniversary of War with Spain Bg Event

The members of the United Spanish War veterans have recently been making unusual efforts in a drive for additional members for the local camp.

On Sunday a party of eight members consisting of Adjutant W. D. Harrington, Charles Hopkins, Baker Daniels, C. F. Blair, J. A. Ray, J. W. Olroyd, W. A. Westrope and H. Sparger motored to Pittsfield where nine new members were obligated. W. A. Westrope acting as installing officer. It is the intention to eventually organize an outpost at that point under the charge of an outpost sergeant. Three applications from Winchester were reported Tuesday. Quite a number of vets have notified the local camp that they will take their obligation during the encampment, June 14, 15 and 16. The nine recruits received Sunday brings the membership up to 53.

Plans for the twenty-fifth anniversary of the War with Spain which has been set for the first day of the encampment, June 14th are becoming more elaborate daily. The larger part of the delegates and visitors will probably arrive on Wednesday, the 13th and from that time to the close of the encampment there will be continuous big doings. The main program will be on the afternoon of the 14th, when the public is invited to listen to addresses by the present National Commander, Antonio P. Entenza of San Francisco, Cal., and Past National Commander Oscar E. Carlstrom of Aledo, Ill. During the afternoon all veterans present will form in line and renew their oath of allegiance to the United States, which will be an impressive ceremony. The guests will be entertained by both band and orchestra music, by vocal selections, open air dancing, balloon ascensions, fireworks and circus acts during their visit here.

The Ladies Auxiliary will also have a prominent part in the ceremonies and the Snaix cannot be overlooked. This is a side organization of the U. S. W. intended as an outlet for some of the mischiefs that is existent in most human animals and the Snaix parade is considered by all who have witnessed it to be one of the wildest looking affairs that was ever seen. The characters are all in imitation of the natives of the Philippines in the Moro country and the names of the different officers are adapted from that tribe.

Large pictures of prominent men of that period and battle scenes have been received and will be distributed to the merchants for window decoration during that week. Contracts have been let for street decorations and the seats and speaker's stand will be erected at the School for the Deaf early next week.

It is the intention to make the 14th the big Spanish War day and on the 15th the whole encampment will join with the World war boys to make that a howling success in honor of those who are suffering on account of their service to their country. In fact it is anticipated that both days will be long remembered by the residents of Jacksonville and vicinity.

## PARADE COMMITTEE WANTS CO-OPERATION

Group in Charge of Big Jubilee Parade Earnestly Requests That Merchants and Organizations Officially Signify Their Intention to Participate.

The parade committee for the grand Jubilee parade on June 15th find it necessary to again request the merchants and organizations furnish them immediate advice regarding their participation in the grand parade which will move promptly at one o'clock on that day.

In an unofficial way they have heard of different firms and organizations planning for this event, but it is impossible to properly arrange the parade unless they have direct notice so that their places may be allotted to them in advance. A conservative estimate by one of the committee places the prospective line at about five miles long, therefore if the parade is to be a perfect success the co-operation of the different organizations and firms is necessary, so they request that each one immediately come to a final conclusion regarding this matter and notify the chairman, Col. O. C. Smith at the School for the Deaf before Monday night.

A meeting of the marshals of the parade is called for Monday night at 7:30 at the American Legion hall at which time the order of parade will be arranged finally as the time is very short for perfect preparation of the plans. This will serve as a notice to all marshals to appear at that time without any official notification.

## A. W. COX OF ORLEANS IS CALLED BY DEATH

Prominent Farmer in Sulphur Springs Neighborhood Passes Away Tuesday Afternoon—Funeral to be Held Tomorrow.

The death of Albert Wesley Cox occurred at 3:20 P. M. Tuesday at his residence south of Orleans. Mr. Cox had been in failing health for the past two years, but his condition had not grown alarming until recent weeks.

The deceased was born Sept. 27, 1834, a son of Ansel and Lucy Palmer Cox. All his life was spent at the home of his parents, where he engaged in farming and raising of live stock. He was a man of absolute integrity, and lived his life in a way which won the respect and admiration of all who knew him.

In 1873 he was married to Emily Antle of the Sulphur Springs neighborhood, who preceded him in death six years ago. To this union were born six children, the eldest, Louis, passing away in childhood. Surviving are Lloyd and Florence at home, Charles, Clyde and Iven, residing in the Orleans neighborhood; also three grandsons.

Funeral services will be held at the residence at 2:30 o'clock Thursday afternoon, with burial in Sulphur Springs cemetery.

## Kellogg's Bran is Guaranteed to give relief BECAUSE IT IS ALL BRAN!

Relief from constipation, whether it be mild or chronic, will follow the regular, every-day eating of Kellogg's Bran. We have thousands of letters from former sufferers who tell us that the natural "bulk-action" of this wonderful cereal product has given relief they have not known for years. We guarantee that Kellogg's Bran will free the system from constipation because it is ALL BRAN—not a composition in which bran is added. If constipation is to be permanently relieved, you must eat ALL BRAN—that's why your physician will recommend Kellogg's for constipation.

Constipation creates toxic conditions which poison the blood and every organ of the body. It slows you down mentally and physically, and creates sick headaches, nausea, bad

breath, pimples—finally, in many cases, leading to Bright's disease, diabetes and other dreaded illnesses. You must fight constipation with Kellogg's Bran regularly if you want health!

You'll say Kellogg's Bran is really delicious—it has a nut-like flavor that appeals to the most fastidious appetite. Eat it as a cereal, sprinkled on hot or cold cereals or cooked with hot cereals, allowing two tablespoonfuls of bran for each person. Be certain to eat at least two tablespoonfuls each day; as much with each meal in chronic cases. Kellogg's is delicious made into muffins, macaroons, raisin bread, griddle cakes. Recipes in every package. Kellogg's Bran is served by leading hotels, clubs and restaurants in individual packages. It is sold by all grocers.

## President's Report to I. W. C. Trustees Given

Dr. J. R. Harker, president of Illinois Woman's college, made the following report to the trustees of the institution, which was read at commencement exercises yesterday morning.

It is now 30 years since I became president in 1893. These have been years of remarkable providence, in freedom from accident and sickness, in material enlargement and in advancement toward college ideals. The year just closing has been in many respects the best year of all the period. We are profoundly grateful to God for these continued and multiplied mercies, and thankful to the increasing hosts of friends whose interest and help have made these advances possible.

The following brief summary of the progress made since 1893 will be of interest:

Illinois Woman's college, 1893-1923.

Increase of student enrollment—128 to 541.

Increase of boarding students—28 to 240.

Increase of scholastic standing: From a seminary or academy preparing for college to a standard college of the highest rank, of equal standing with the best colleges and universities in the country.

Increase of college students: It advanced to full college rank in 1905. From 1909 to 1923 the number of college students has increased from 19 to 288.

Increase of buildings and grounds: Campus increased from 3 acres to 6 acres. To the one building in 1893 five additions have been made. Five new buildings have been erected on the campus. More than \$500,000 have been spent in additions to campus, buildings, and equipment.

Increase of total assets: From \$75,000 in 1893 to \$825,000 in 1923, with pledges in hand for more than \$200,000 additional.

Increase of endowment: The college had no endowment

in 1893. It now has an endowment of \$25,000.

college, and there is a rapidly growing disposition to recognize the debt, and an increasing desire to pay it back in gifts and service. It is now generally known that practically every college pays out in actual current expense for each student at least \$125 a year more than the student pays in tuition and fees. In a four year's course this amounts to \$500 that the college gives to every graduate. If the student goes into business or teaching or any of the professions, she soon is earning \$500 a year more than she could have earned without her college training. A natural feeling of gratitude and appreciation causes many of them to conclude that it is quite reasonable to give the college at least as much as the increase of income for one year. Some of them are doing this, and a larger number each year are giving something as they can afford it as a token of their appreciation and college loyalty.

A constantly increasing number are writing the college in their wills. We are coming to a time when the student who does not thus remember her college with annual or frequent gifts, or in bequests, will be the exception, and will be considered lacking in normal appreciation of benefits actually received.

The Illinois Woman's college has now living more than a thousand graduates and several thousand former students. Through the special activity of the alumnae office a new directory has been issued, giving present addresses of nearly 3,000 of these. An Alumnae News sheet has been projected to be issued quarterly, for which already more than 700 paid subscriptions have been received. More than 500 annual have been paid, more than three times as many as ever before. The college societies in Chicago, Kansas City, Los Angeles, Champaign-Urbana, and Springfield have taken on renewed vigor, and new societies are being formed in Peoria-Pekin, Decatur, Lafayette, Ind., and other places. This increased interest and activity of graduates and former students is more significant for the future welfare of the college than any of us can now sense.

Several years ago the alumnae set out to raise a general fund of \$135,000 for the college, to include seven scholarships funds, of \$5,000 each, in honor of each of the seven presidents of the college, and two professorships of \$50,000 each, in honor of President Short and President Harker. It is interesting to note that towards this large sum of \$135,000 now more than \$70,000 has been subscribed. A special effort is being made to secure the remaining \$65,000 by July 3, so that it may be included in the present endowment campaign. Such an outcome is clearly possible, and what a joyful consummation it would be.

**Endowment**  
The greatest problem before the Illinois Woman's College, is

indeed before all colleges, is that of adequate endowment and equipment. To this problem all the factors of the college must set themselves. It is not a problem for the trustees and president alone. The faculty are interested, and can be greatly helpful. The students may have a large part in its solution, especially by increasing appreciation and recognition of obligation. But most of all this problem is in the hands of alumnae and former students. If they send back to their college even small gifts of loving appreciation each year, with occasional larger gifts as they are prospered in life; and if they remember the college in their will and in the administration of their estates, college needs would soon be fairly adequately met. If they would thus show a constantly increasing interest in their own school, such active interest and constant giving would soon be followed by larger gifts from men and women of means entirely outside of the college constituency. To this end we have labored all the years of our administration with increasing endeavor, and we are glad to believe that a happy day in this direction for the Illinois Woman's college is not far distant.

**The Next Four Weeks**  
I need not speak at any length on the present endowment campaign. Two years ago we began a campaign to secure \$500,000 for added endowment and equipment. The General Education Board generously offered \$133,333 of the amount. Only four weeks remain of the time allowed to meet this offer, and yet nearly \$200,000 still remain to be subscribed. It can be secured, we cannot think of failure. But it will need every possible friend. Some with large gifts of \$50,000 or \$25,000, or \$10,000, or \$5,000. Several with gifts of \$1,000 and \$500. But it will need also hundreds of friends who will give \$100 and \$50 and \$25 and \$10. We expect to secure it. For the next four weeks we will not rest, we will seek every possible friend and we will make every possible appeal.

This is the Lord's work. We are commissioned of Him to build a college here. We have committed our way unto Him, we are trusting in Him, and we believe He will bring it to pass.

## Monopoly? No!

**MONOPOLY** is abhorrent to the minds of the American people and will not be tolerated by them.

Monopoly means arbitrary control; it means curtailing opportunities for the individual and such curtailment strikes at the root of American institutions.

The Standard Oil Company (Indiana) is American to the core. It has no desire to achieve a monopoly, believing that, because of its carefully worked out plan of organization, its admitted efficiency in every department and its carefully trained, hard-working, loyal body of employees, it has no need for arbitrary control to meet any competitive condition which may arise.

The detailed service, the insistence upon quality, and the consistently fair price at which its products are sold, insure the Company its fair share of the business in ten Middle Western States where it is organized for service.

No organization can acquire a monopoly in the oil business. The source of supply of raw material is too scattered and its value is too great for any one company to get an effective control. Without such control monopoly is impossible.

The Standard Oil Company (Indiana) is the largest single factor in the oil business of the Middle West. Yet, the principal source of its crude oil supply is in the hands of others.

Its competitors have twice as many service stations as it has, and about an equal number of bulk stations, while their combined refining capacity is more than five times that of the Standard Oil Company (Indiana).

To indicate the futility of attempting to monopolize the oil industry it is only necessary to quote the following paragraphs from the New York Journal of Commerce:

During 1921 there were organized 936 new oil companies, with a total capitalization of \$1,255,675,000 and

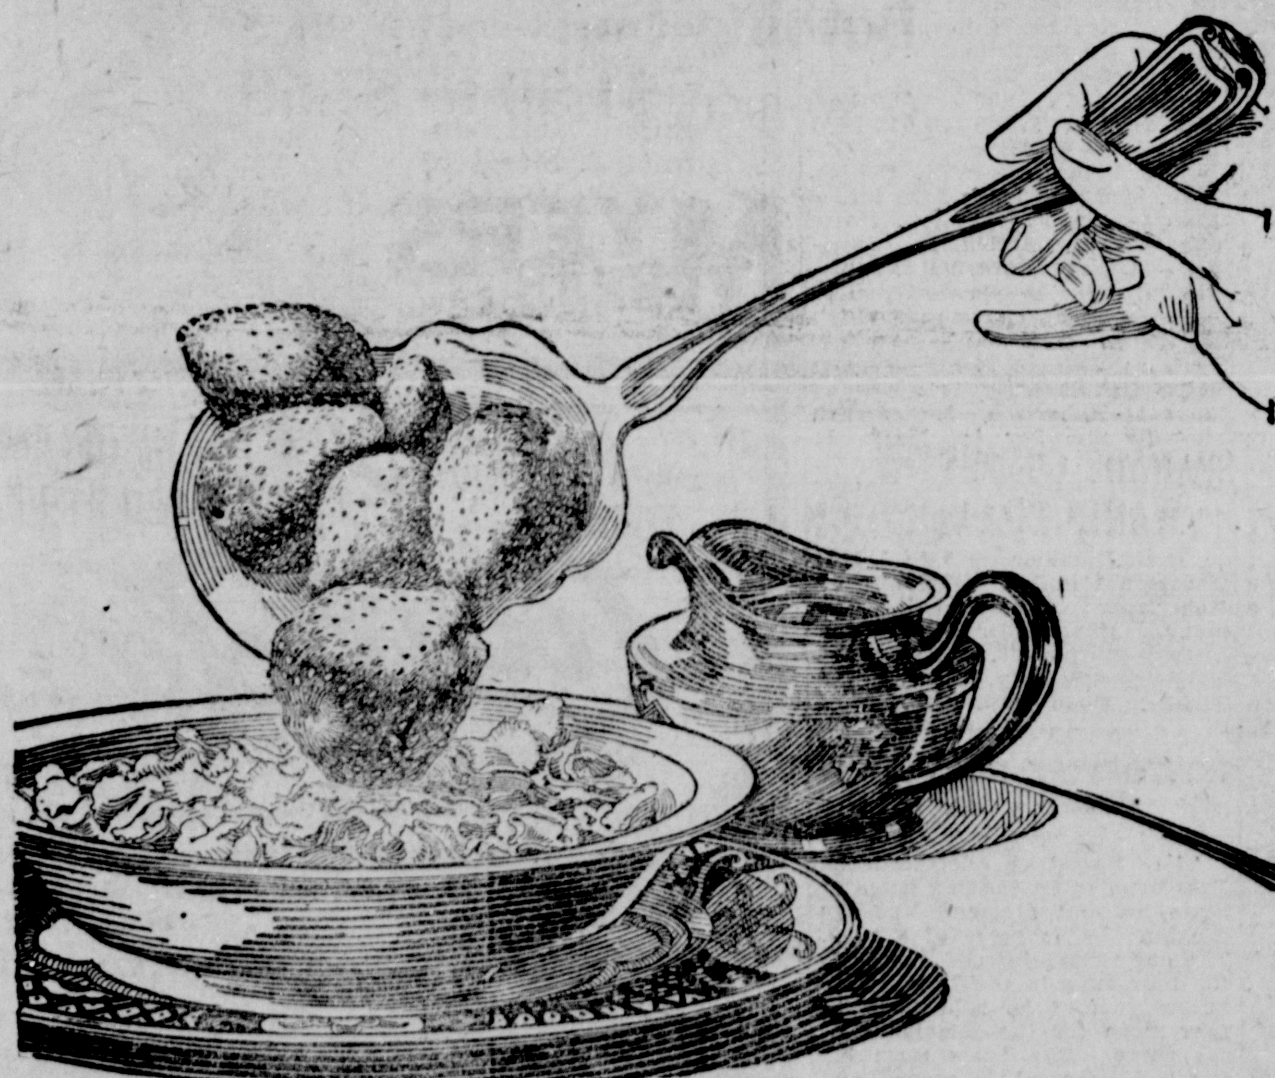

During 1922, 784 new oil companies were organized with a capitalization of \$1,639,693,000.

The Standard Oil Company (Indiana) is growing as the need for its products and service grows. It is ambitious, not to secure a monopoly of the oil business, but, to maintain a steady, healthy growth, by rendering the greatest service possible to thirty million people in the Middle West.

## DEMPSEY SHOWS SPEED IN BOXING

GREAT FALLS, Mont., June 5.—Speed was the word at the Dempsey camp in Great Falls today as the heavyweight champion going eight rounds with the little fellows as sparring partners. This was the first sparring he has done since his layoff of last week. He went two rounds each with Frankie Grendetta, champion flyweight of the Pacific Coast who weighs 105 pounds, Lee Moore of Columbus, lightweight, Joe Benjamin, San Francisco, lightweight and Harry Wells, English welterweight. The sparring was for speed and Dempsey showed he was fast even against the little fellows. The champion also went one round at Shadow boxing and another against the base, making ten rounds in all and at the end he was not even breathing hard.

A young grey wolf, was added to the Dempsey collection of animals today. He is a vicious young animal, the son of White Ghost, the cattle-killer of the Highwood mountains, which was shot by a government trapper.

It was announced at the training camp today that Joe Benjamin had been tentatively matched with Benny Leonard for the world lightweight championship Labor Day fight to take place in Great Falls. The fight is conditional upon Dempsey meeting Harry Wells, here or in New York Labor Day and will not take place in event of the Dempsey-Wills world heavyweight championship fight upon that day, according to Jack Korns, Dempsey's manager who made the announcement. Of the \$58,000 in tickets allotted to Great Falls, for the Dempsey-Gibbons fight in Shelby July 4, \$30,000 had been taken up by 12 o'clock today it was announced.

Northfield, Minn., June 5.—The University of Washington baseball team defeated Carleton college here today, 4 to 1.

## ENGLISH DERBY TO BE RUN TODAY

EPSOM DOWNS, England, June 5.—Twenty-one horses will sport silk tomorrow for the annual running of the historic derby, the blue event of the English turf. Although tonight the weather is dull and cold, large crowds already have gathered. Thousands of others are on the road hither traveling thru the night in every conceivable kind of vehicle.

This afternoon many of the enthusiasts lined the course to watch the final workouts of some of the horses which tomorrow are to face the barrier. Among those that were sent over the track were Papyrus the favorite which will be ridden by Donoghue, who had the leg upon the 1922 winner of the classic event; Town Guard owned by Lord Woolavinton, second choice in the betting, ridden by the American jockey Archibald, and Legality owned by G. Hulme, which has not been overlooked by the bettors and whose odds have been considerably lessened owing to wagers made that he will show the way home to the field.

Enormous sums have been wagered on the race, each one of the twenty-one entrants having been well backed. That there are many favorites and near favorites in the race is indicated by the fact that there are few long shots in the big field.

Legality which has been so well played has been insured against injury for an amount said to be large enough to cover the derby stakes and his own value as a horse.

Indications are there will be no rainfall and that the track will be in perfect condition for the running of the race.

## BROWNS HIT ROMMEL HARD AND WIN 10-3

Get Four in First and Drive Him from Hill in Fifth—Shocker and Kolp Pitch Fine Ball

PHILADELPHIA, June 5.—St. Louis batted Rommel hard in the opening inning of today's game getting four runs and then drove him off the hill with three more counters in the fifth. St. Louis won the game 10 to 3. Facing Shocker the locals had no chance to overcome the big lead and but six hits were garnered by the Athletics up to the seventh when Shocker injured his finger and retired. Kolp pitched fine ball in the closing innings. The score:

GIANTS WIN FIRST ON WESTERN TRIP

Defeated Cubs by Score of 8 to 3—Make Fourteen Hits off Cheever and Fussell.

NEW YORK, June 5.—New York started its invasion of the west by defeating Chicago 8 to 3 in the first game of the series. The world's champions pounded Cheever and Fussell for fourteen hits which included a homer, a triple and five doubles. Bentley, who started for New York, walked the first three men and was replaced by Jess Barnes who pitched airtight ball until the sixth when Hartnett's double following two walks and a single netted three runs and forced his retirement.

Otto Vogel, a big righthand outfielder from the University of Illinois reported to Manager Killifer of the Cubs today and played right field. The score:

## NEW LOCAL SLUGGERS DEFEATED AT NAPLES

Yankee Athletic Club Team Beaten Sunday by Naples Indians in First Shut-out Game—Yankees Would Book More Games

The Jacksonville Yankee baseball team were defeated at Naples Sunday, June 3rd in one of the best games that has ever been witnessed on the Naples diamond. The Yankees have just recently organized a baseball team and are composed of all young athletes and should make a fast winning combination. They were better known during the basketball season as the Yankee Five who have played very successfully in that line during the past two seasons.

The game was a pitchers' battle between Davis and Zell until the fourth inning when Zell suffered an injury to the pitching hand and had to retire in favor of Devlin who then held the opponents safe thru the balance of the game. The only run came in the second inning. Price, first man up struck out; then Campbell doubled to left and Stinbaker singled to right, Campbell scoring. In the eighth inning the Yankees seemed to have a very good chance to score when three men on and no one out three infield pop flies ended the inning. Again in the ninth the Yankees had three men on base with two down when Cooney attempted to steal home and was caught.

One of the largest crowds of the season witnessed the game and excitement ran high thru out as this was one of the highest games that has ever been played on the Naples diamond. One of the features of the game was a catch by Gebert of a high foul which he caught after making a long run.

The Yankees have a very fast aggregation and are desirous of booking games with any teams in this section. They have a traveling team and any teams desiring to book games can do so by writing William Wagner, Jr., 502 East North street.

SOCIETY WOMAN LOST \$60,000 ON BOXING BOUT

Chicago, June 5.—A society woman "lost" \$60,000 thru sponsoring a boxing exhibition here and several promoters and fighters profited largely from recent exhibitions without paying in one tax, according to several anonymous letters received by Mrs. George W. Reinecke, internal revenue collector today.

The letters poured in after Mrs. Reinecke led it be known yesterday that she questioned the charitable purposes behind the recent Leonard-Mitchell boxing contest which ended in a riot.

Win in Tenth Inning When Sox Infield Weakens—Sox Outfit Opponents

NEW YORK, June 5.—After suffering three successive defeats the New York Yankees resumed their victorious course defeating Chicago in an exciting hard fought ten inning game by a score of 7 to 6.

New York won when the Chicago infield weakened; Collins fumbled on Pipp's grounder with one out and Meusel's double, followed by Ward's single drove in the tying run for New York. Ward reached third when Strunk threw wild on Scott's grounder and scored the winning run on Witt's single. The score:

## BULGE IN CORN HELPS WHEAT

CHICAGO, June 5.—Helped by  
a bulge in the value of corn and  
by gossip that a new reparations  
offer from Germany might bring  
about a settlement with France,  
the wheat market today scored  
a moderate advance. Closing  
prices for wheat afloat unsettled,  
were at 10c net gain, with July  
\$1.09 1/2 to \$1.09 1/4 and September  
\$1.09 to \$1.09 1/4. Corn finished  
1 1/2 to 2c up, oats at 1 1/2 to 2c advance  
and provisions at a rise varying  
from 1c to 12c. It was only when  
corn showed decided independent  
strength that the wheat market  
established gains which appeared  
to have something of a lasting  
quality.

Speculative buying which at the  
outset had given wheat prices an  
upward slant, and which was as-  
cribed to talk of improved pros-  
pects for an agreement with Ger-  
many failed to continue but a  
brief time. Then the market be-  
gan to sag as a result of lack of  
support and the majority of trad-  
ers seemed to be acting on the  
basis that domestic and foreign  
demand would be inadequate to  
take care of hedging sales which  
might soon be expected in heavy  
volume.

Wheat, however took an upward  
swing when the July delivery of  
corn gave signs of perhaps equal-  
ling the season's top price record.  
A reaction which took place in  
the corn market in the final trad-  
ing, led to a setback also for  
wheat. Numerous holders of  
wheat became uneasy over the  
late action of the corn market and  
their selling forced wheat to drop  
1c or more from the day's high-  
est level.

Buyancy in the corn market  
resulted from continued scarcity  
of available supplies and from  
good shipping demand here. There  
was persistent buying on the part  
of commission houses until July  
showed an ascent of 7c since last  
week. Then profit-taking set in  
and it was said country selling  
to arrive had enlarged.  
Oats followed corn.  
Provisions were firmer in sym-  
pathy with corn.

Associated  
Press

## INTEREST CENTERS IN FEW SPECIALTIES

**FINANCIAL.**  
Day's total sales 519,200  
shares.  
Twenty industrials averaged  
96.29; net gain .15.  
High 1923 — 90.63; low  
92.77.  
Twenty railroads averaged  
\$2.41; net gain .26.  
High 1923 — 90.63; low  
80.13.  
Total sales (par value)  
\$7,778,000.

NEW YORK, June 5.—Price  
movements in today's stock mar-  
ket threw little light on the specu-  
lative attitude regarding the fu-  
ture course of business. The line  
of least resistance seemed to be  
in upward slide with chief interest  
centered in a few specialties and  
a select assortment of steels,  
equipments, oils and low priced  
rails.

Commission houses reported lit-  
tle public interest in the market  
the day's total transactions, with  
one exception being the smallest  
for any full day session this year.  
Several times during the course  
of the day brokers reported a  
wide spread between the bid and  
asked prices, even of some of the  
most active stocks. On one oc-  
casion Baldwin, which had just  
sold at \$12.94, was quoted 130  
bid and 130 1/2 asked the next sale  
being 600 shares at 130. The  
stock closed at 132 for a net gain  
of 2 1/2 points.

American and Lima Locomo-  
tives and Pullman each climbed  
about 1 1/2 points. Steels showed  
moderate improvement. Oils were  
inclined to sell off Phillips Pet-  
roleum dropped nearly three points  
and California Petroleum closing  
a point lower at 11 1/2 after hav-  
ing touched 11 1/2.

## CASH WHEAT CLOSES EASIER

CHICAGO, June 5.—Cash wheat  
today closed 1 @ 2c easier; pre-  
miums and discounts were prac-  
tically unchanged, except for num-  
bers one and two northern, which  
were firmer. There were no do-  
mestic shipping sales reported.  
Export business was confined to  
about 100,000 bushels of Durums  
mostly old business.  
Corn closed in good demand,  
with prices 1 @ 1 1/2c better. Pre-  
miums were unchanged to a shade  
easier; shipping sales reported  
were 285,000 bushels including  
one lot of 220,000 bushels for cer-  
eal shipment. The seaboard said  
little export business was going  
on.  
Oats closed 1c higher, with  
premiums unchanged to 1c easier;  
shipping sales here were 70,000  
bushels.

### Indianapolis Livestock

INDIANAPOLIS, June 5.—Hogs  
receipts 14,000; 15 lower; heav-  
ies \$7.25 @ 7.30; lights \$7.30 @

\$6.50.  
Cattle, receipts 1300; steers  
and heifers 15 @ 25c higher; cows  
steady; steers \$8.50 @ 11.15; beef  
cows \$4.50 @ 7.50; heifers \$6.50  
@ 9.65. Calves receipts 1200; 50  
lower; veals \$8.00 @ 11.00.  
Sheep and lambs receipts 500;  
steady; sheep \$2.50 @ 5.50; lambs  
\$13.00 @ 15.00.

## SAVED FROM AN OPERATION

Now Recommends Lydia  
E. Pinkham's Vegetable  
Compound

Washington, D.C.—"Lydia E. Pinkham's Vegetable Compound saved me from an operation which a physician said I would have to have for a very bad case of female trouble. My system was all run down for two years after my little girl was born. Then I read of your wonderful medicine and decided to try it. I could hardly get one foot over the other, and after taking six bottles of the Vegetable Compound I felt like a new woman. I saved all my housework, also washing and ironing, and do not know what real trouble is. My health is fine, and I weigh 130 pounds. When I started taking it I weighed 97 pounds. I gladly recommend Lydia E. Pinkham's Vegetable Compound to anyone who is suffering from female trouble or is run down. You may use this testimonial for I am only too glad to let suffering women know what the Vegetable Compound did for me."—Mrs. Ida Hewitt, 1525 Penna. Ave. S.E., Washington, D.C.

Such letters from women in every part of this country prove beyond doubt the merit of Lydia E. Pinkham's Vegetable Compound.

## FUNERAL OF BLUFFS RESIDENT TODAY

J. E. Likes to Be Laid to Rest  
This Afternoon in Fairview  
Cemetery—Other Bluffs News

Bluffs, June 5.—The funeral of the late J. E. Likes will be held at 2 o'clock Wednesday afternoon from the M. P. church. Interment will be made in Fairview cemetery.

Mr. Likes passed away at 1:30 o'clock Sunday afternoon after a brief illness, aged 58 years. He was a prominent business man of Bluffs, having conducted a general store on Main street locating here from Chapin where at one time he also conducted a general store. His illness came upon him suddenly and from the beginning his was a losing fight. In childhood and early manhood he was never considered robust but after locating in Bluffs his general health seemed to improve. Besides his widow, he is survived by two sons, Ray Likes, Oxxville and Everett Likes of Griggsville. One daughter, Mrs. John Pine, preceded him in death two years ago.

Two sisters, Mrs. Mary Padgett, Fresno, Cal., Mrs. Lillie Brown, Council Bluffs, Ia., and one brother, George Likes of Keller, Mo., survive.

Miss Mary Logan passed away at 9:45 o'clock Sunday evening at the home of her brother, Harvey Logan with whom she had made her home for the past eight years. Death came after an illness of three weeks, aged 64 years. The remains will be taken to Springfield Tuesday morning to the home of her brother, William Logan, 1719 South Seventh street where funeral services will be conducted at 2:30 o'clock Wednesday. Interment will be made in Oak Ridge cemetery. Deceased is survived by two brothers, William and Harvey Logan, also one sister, Miss Minnie Logan of Springfield who was with her during her last illness. Three weeks ago while about her work in the home she was stricken with paralysis and from the beginning her condition was serious and she grew weaker each day until the final summons came. "Mollie" as her friends called her was kind and gentle towards all making true friends wherever she went and her passing leaves a vacancy that no other can fill.

Mrs. Ike Rankins passed away at her home in the vicinity of Oxxville and spent the greater part of her life in Scott county where she had numerous friends and relatives. Besides her husband she is survived by two daughters, Mrs. Lora McDonald and Miss Ople of Rock Island and two sons, Ray of Rock Island and Clifton of Colorado; also two brothers, Fritz Baird of California, Will Baird, Oxxville and one sister, Mrs. John McKinney.

## A Circle Tour of our Golden West

Going via the Pacific Northwest  
Returning from California  
via Colorado

## The Low Cost of the Trip Will Surprise You

It is an experience of a lifetime to become acquainted with the great storehouses of scenic, climatic, agricultural, industrial and other wealth in the Pacific Northwest and California.

In making such a trip, it is both natural and logical for one to select that route on which the most and the best of the astounding wonders in our fascinating West can be viewed from the car window.

To the end that Burlington patrons may reap the fullest possible measure of delight, benefit and inspiration which such a wonderful trip affords, schedules have been developed and perfected via two widely different routes so that the most of the best scenery is passed during daylight hours.

Through the combination of these two routes far excellence into one grand circle tour of our impressive and progressive West, you can travel several thousand miles, through a dozen great states, on one ticket. You can see practically every kind of scenery, every phase of topography, every variety of plant life, every species of animal life, every sort of mineral wealth, and every beauty of landscape that the entire American West affords.

Aside from the broadened vision which travel only can give, such a trip may take you to the land of your dreams, to a home in this wonderful land of natural beauties, to an opportunity in this wonderful land of natural wealth, with a future wide open.

Let me tell you more about it and let your home-town railroad introduce you this summer.

A song will be illustrated with 21 slides. A hearty welcome to everybody.

## MURRAYVILLE WOMAN PASSED AWAY TUESDAY

Mrs. Sarah Sooy Died at Noon  
Tuesday after Long Period of  
Illness—Funeral to be Held  
Thursday.

The death of Mrs. Sarah Sooy, a well known resident of Murrayville, occurred at 12 o'clock Tuesday at the family home in Murrayville. Mrs. Sooy had been ill for an extended period and had been confined to her bed since New Year's.

The deceased was born Feb. 20, 1853, a daughter of James W. and Mary Anderson, who resided two miles south of Murrayville. The greater part of the life of the deceased was spent on a farm southeast of Murrayville but fourteen years ago the family removed to Murrayville, which has since been their home.

The deceased was united in marriage to Charles E. Sooy on November 3, 1875. They were the parents of eight children, one

of whom, Orville, passed away at the age of ten years.

The surviving children are: Mrs. Marie K. Lemon, Rimbe, Alberta Canada; James B. Sooy of Winchester; Leonard Sooy of Carlinville; Mrs. Elizabeth Johnson, Dike, Iowa. Mrs. Mary Mason, Murrayville. Mrs. Minnie Ketterer, Cornwell, Ill., Elmer Sooy of Manchester.

The funeral is to be held at 2 o'clock Thursday afternoon from the Baptist church in Murrayville, in charge of Rev. Mr. Galtner, the pastor. Interment will be in the Murrayville cemetery.

## Thursday, Friday and Saturday

WHAT IS A ONE-CENT SALE? It is a Sale where you buy an item at the regular price—then another item of the same kind for 1 cent. As an illustration: The standard price of Jonteel Combination Cream is 50 cents. You buy a jar at this price and by paying 1 cent more, or 51 cents, you get two jars. Every article in this sale is a high-class standard price of merchandise, just the same as we sell every day at regular prices and have sold you for years.

A NEW WAY OF ADVERTISING! This sale was developed by the United Drug Company as an advertising plan. Rather than spend large sums of money in other ways to convince you of the merit of these goods, they are spending it on this sale in permitting us to sell you a full-size package of high standard merchandise for 1 cent. It costs money to get customers. The loss taken on this sale will be well spent if the goods please you.
